KENNETH YEH of TN

We have posted this before but I am sure there are some that have not seen it and I believe you need to see what wonderful students we have in TN. He accomplished his scholastic goals without Common Core. I am sure you would find it was the influence of his parents and home life as the reason for this young man's success. Not money and not

**IF YOU'RE NOT
OUTRAGED
YOU'RE NOT PAYING
ATTENTION**

FEATURED VIDEO

This video was created in 1994. Many great citizens fought Outcome Based Education and won. BUT as you listen to the concepts of OBE you will realize that even though the law was interrupted to concepts were implemented and everything they talk about in this video we can identify with today in our fight to stop Common Core. This video is probably one of the most

**CHILDREN ARE THE PATH
TO SUCCESSFUL
TYRANNY**

This is why the push for drugs, sex and homosexuality. Please watch this very short 2 minute video. I surely hope you took the time to watch **AGENDA: GRINDING AMERICA DOWN** from last weeks Newsletter and if you can spare \$20 getting a copy of **INDOCTRINATION**

Common Core.

ETHAN YOUNG of TN

Another fine example of TN students. This video has been viewed over 2 million times

HIGH STAKES TESTING MEANS HIGH AMOUNT OF CHEATING

Funny but what these people that are cheating (and there is cheating going on in EVERY state not just PA) don't understand is that by cheating they are covering up the problem and making it worse. If they would just let the chips fall where they may it would expose how horrid these new education policies truly are. It would cause such citizen outrage that it would be stopped in its tracks. But no we work around the system that is meant to destroy us and in the end what did they really accomplish by cheating? We have teachers circumventing Common Core because they know it is wrong but again instead of highlighting how bad it is they are masking the truth.

important and it is a MUST MUST watch. It is almost 2 hours in length but i guarantee you will come away with an understanding of what is taking place and how important it is for us to once again join those that fought in 1994 to put a stop to this evil. The sad part of this is our children have been undergoing this brainwashing even though the law was stopped 20 years ago. President Clinton was the most evil of all.

DR. PEG LUKSIK SPEAKS IN SC

Dr. Luksik spoke to our TN Senate Education Committee hearings on September 20, 2013. She lives in PA and I know her from my 15 years as a resident in PA. She is an awesome lady and was one of those vigilant mother/teachers that fought to stop OBE in the 90's. And she is back in the ring fighting yet another battle. BUT not a different battle. For what we see today is the same thing she fought in the 90's it just has a different name. Her speech is so right on and MUST be shared with EVERY legislator. So after you listen (it is only 20 minutes) please take the time to get this out to your state legislators. I have an email list already created for Tennessee if anyone is interested send me an email and I will send the list.

SEX IN THE CLASSROOM

Do you know what is being taught in YOUR child's school??

is well worth it. After you purchase it start showing it to friends and family. If you belong to a group host a movie night. Believe me people will see the big picture after watching both of these movies.

PARCC IS NOT THE ONLY ENEMY

If you think getting TN out of PARCC will stop the data collection on our children please think again. There are so many agencies out their to take their place getting out of PARCC might slow up the process but believe me it will not stop them. We must take a firm stand against the state of TN handing over our children's information. **We need to stop the state from even collecting this data in the first place.** The legislation proposed so far in Nashville will do nothing to protect our children's information. it is nothing more than appeasement legislation. **FORMALLY** inform your child's school that your child is NOT to participate in ANY surveys. Read how NAEP is also collecting data on you, your children and our teachers.

CHARTERS/CHOICE/VOUCHERS

What the government funds the government controls. And the government funds Charters/Choice/Vouchers. PLEASE read this valuable information about Charters/Choice/Vouchers. I think you will agree the wool has been pulled over our eyes AGAIN.
